Message from the Chair

Welcome to Debt Advice Foundation's March 2022 helpline statistics update.

With the amount of personal borrowing approaching the record levels seen prior to the 2008 global economic recession, it's important that the debt advice sector does everything it can to prepare itself for the inevitable surge in demand for debt advice. One way we can do this is through research. Research not only helps the charity understand and adapt to the ever changing credit landscape and how service-users are impacted by those changes but it also shapes and informs Government and regulatory policy more broadly, both in the debt advice and related sectors.

Understanding how and why people call the charity's helpline, how they use the information they are given and how effective that information is, allows us to develop and improve our service for the benefit of future service-users.

The more research we have access to, the more likely we are to spot emerging trends that may, for example, influence the way borrowers use credit in the future and how we, both as a charity and as a sector more broadly, might react to those changes. That is why we have developed this monthly statistical resource.

Please feel free to get in touch if you have any questions or comments regarding the charity's statistical releases.

A handwritten signature in dark ink, appearing to be 'D. Benson', followed by a large, stylized closing bracket or flourish.

Dennis Benson OBE
Chair

About Debt Advice Foundation

Debt Advice Foundation is a registered national debt advice and education charity in England and Wales (no. 1148498).

At the heart of the charity's philosophy is the prevention and cure of unmanageable consumer debt.

Whilst our primary focus is on helping those that are in need of advice and support today, we strongly believe that improving financial literacy amongst the next generation of credit users is key to tackling increasing levels of unmanageable consumer debt in the UK.

The charity seeks to carry out these objectives through its free telephone debt counselling service, which helps over 10,000 people every year, and through DebtAware, the charity's award winning debt education programme for schoolchildren.

The charity holds the Advice Service Alliance's Advice Quality Standard (AQS) and is listed by Money and Pensions Service as an accredited, free provider of debt advice on its online debt advice locator page (the Money and Pensions Service is an independent service set up by government to help people manage their money).

The charity is a member of AdviceUK, the UK's largest support network for free, independent advice centres, as well as the National Homelessness Advice Service (NHAS) and all of the charity's advisers are members of the Institute of Money Advisers (IMA), a charitable body that aims to promote free money advice and develop professional standards.

The charity is also a registered supporter of the All-Party Parliamentary Group on Financial Education for Young People and the All-Party Parliamentary Group on Debt and Personal Finance.

Debt Advice Foundation is authorised and regulated by the Financial Conduct Authority (no. 692492).

Debt Advice Foundation - Debt Helpline Statistics (March 2022)

1. Overview

This section provides an overview of callers to the charity's helpline in March 2022. The dataset comprises completed advice cases only (this means cases where a full financial assessment has taken place and a debt solution has been recommended).

The charity's helpline advisers dealt with a total of £255,413 of unsecured debt in March 2022 at an average of £9,460 per case (full financial assessments).

c1.1 Unsecured debt overview

¹ Includes unsecured credit facilities such as credit cards, unsecured loans, short term (payday) loans, overdrafts, store cards and catalogue debts. Secured debts, such as mortgages, and priority arrears (for example rent and council tax debts) are not included.

c1.2 Unsecured debt profile (March 2022)

c1.3 Unsecured debt by type (March 2022)

c1.4 Client financial profile (March 2022)

² Monthly household expenditure does not include contractual unsecured debt repayments but does include priority arrears payments.

³ The percentage of cases that have a negative disposable income

c1.5 Specified cause of financial impairment (March 2022)

c1.6 Debt servicing (March 2022)

⁴ Average number of months to repay the total value of unsecured liabilities in full based on the available disposable income (after monthly essential household expenditure) assuming interest and charges are stopped.

1. Overview continued

This section provides an overview of callers to the charity's helpline in March 2022. The dataset comprises completed advice cases only (this means cases where a full financial assessment has taken place and a debt solution has been recommended).

In March 2022, 29.6% of callers told us they'd previously sought help with their debts. 59.3% of callers were identified as having a vulnerability that made them susceptible to potential detriment.

c1.7 Priority debt arrears (March 2022)²

² Insolvency cases (DROs, bankruptcies and IVAs) have been omitted from the priority debt arrears calculation due to the variable nature of arrears processing in these solutions.

c1.8 Priority debt arrears by type (March 2022)

c1.9 Repeat advice (March 2022)¹

¹ Repeat advice is a measure of previous client engagement with an FCA authorised source, ranging from seeking advice through entering an agreement with a debt solution provider.

c1.10 Client vulnerability (March 2022)

2. Age group

This section provides an overview of callers to the helpline in March 2022, broken down by age group.

The age group with the highest average unsecured debt in March 2022 was the 65+ age group (£14,737). The age group with the highest helpline engagement was the 25-34 age group, which was 95% more likely to call the helpline than the UK average.

c2.1 Average unsecured debt (March 2022)

c2.2 Case weighting (March 2022)

¹ The population weighting index is calculated by dividing the number of helpline contacts by the latest ONS population estimate for each age-group and comparing it to the UK average. This statistic provides a more useful relative measure of age-group helpline engagement by removing age-group population bias.

c2.3 Unsecured debt by type (March 2022)

c2.4 Client financial profile (March 2022)

² Monthly household expenditure does not include contractual unsecured debt repayments but does include priority arrears payments.

³ The percentage of cases that have a negative disposable income and are unable to meet the existing essential household expenditure.

c2.5 Specified cause of financial impairment (March 2022)

c2.6 Debt servicing (March 2022)

⁴ Average number of months to repay the total value of unsecured liabilities in full based on the available disposable income (after monthly essential household expenditure) assuming interest and charges are stopped.

⁵ Total amount of unsecured debt as a percentage of total annual net income.

Debt Advice Foundation - Debt Helpline Statistics (March 2022)

3. Gender

This section provides an overview of callers to the helpline in March 2022, broken down by gender.

Males had the highest average amount of debt in March 2022 (£9,970). The highest weighting of callers to the helpline in the period was females (59%).

c3.1 Average unsecured debt (March 2022)

c3.2 Case weighting (March 2022)

c3.3 Unsecured debt by type (March 2022)

c3.4 Client financial profile (March 2022)

¹ Monthly household expenditure does not include contractual unsecured debt repayments but does include priority arrears payments.

² The percentage of cases that have a negative disposable income and are unable to meet the existing essential household expenditure.

c3.5 Specified cause of financial impairment (March 2022)

c3.6 Debt servicing (March 2022)

³ Average number of months to repay the total value of unsecured liabilities in full based on the available disposable income (after monthly essential household expenditure) assuming interest and charges are stopped.

⁴ Total amount of unsecured debt as a percentage of total annual net income.

4. Region

This section provides an overview of callers to the helpline in March 2022, broken down by region.

The region with the highest average unsecured debt in March 2022 was Wales (£20,317). The region with the highest helpline engagement was North East which was 176% more likely to call the helpline than the UK average.

c4.1 Average unsecured debt (March 2022)

c4.2 Case weighting (March 2022)

¹ The population weighting index is calculated by dividing the number of helpline contacts by the latest ONS population estimate for each region and comparing it to the UK average. This statistic provides a more useful relative measure of regional helpline engagement by removing regional population bias.

c4.3 Unsecured debt by type (November 2018)

c4.4 Client financial profile (March 2022)

² Monthly household expenditure does not include contractual unsecured debt repayments but does include priority arrears payments.

³ The percentage of cases that have a negative disposable income and are unable to meet the existing essential household expenditure.

c4.5 Specified cause of financial impairment (March 2022)

c4.6 Debt servicing (March 2022)

⁴ Average number of months to repay the total value of unsecured liabilities in full based on the available disposable income (after monthly essential household expenditure) assuming interest and charges are stopped.

⁵ Total amount of unsecured debt as a percentage of total annual net income.

5. Residential status

This section provides an overview of callers to the helpline in March 2022, broken down by residential status.

Homeowner was the group with the highest average unsecured debt (£9,600) in March 2022. Tenant was the most likely group to call the charity for advice (85%).

c5.1 Average unsecured debt (March 2022)

c5.2 Case weighting (March 2022)

c5.3 Unsecured debt by type (March 2022)

c5.4 Client financial profile (March 2022)

¹ Monthly household expenditure does not include contractual unsecured debt repayments but does include priority arrears payments.

² The percentage of cases that have a negative disposable income and are unable to meet the existing essential household expenditure.

c5.5 Specified cause of financial impairment (March 2022)

c5.6 Debt servicing (March 2022)

³ Average number of months to repay the total value of unsecured liabilities in full based on the available disposable income (after monthly essential household expenditure) assuming interest and charges are stopped.

⁴ Total amount of unsecured debt as a percentage of total annual net income.

6. Employment status

This section provides an overview of callers to the helpline in March 2022, broken down by employment status.

Retired was the group with the highest average unsecured debt (£22,573) in March 2022. Full-time employment was the most likely group to call us for advice (22%).

c6.1 Average unsecured debt (March 2022)

c6.2 Case weighting (March 2022)

c6.3 Unsecured debt by type (March 2022)

c6.4 Client financial profile (March 2022)

¹ Monthly household expenditure does not include contractual unsecured debt repayments but does include priority arrears payments.

² The percentage of cases that have a negative disposable income and are unable to meet the existing essential household expenditure.

c6.5 Specified cause of financial impairment (March 2022)

c6.6 Debt servicing (March 2022)

³ Average number of months to repay the total value of unsecured liabilities in full based on the available disposable income (after monthly essential household expenditure) assuming interest and charges are stopped.

⁴ Total amount of unsecured debt as a percentage of total annual net income.

7. Household demographics

This section provides an overview of callers to the helpline in March 2022, broken down by household demographics.

2 adults/1 dependant was the group with the highest average unsecured debt (£19,295) in March 2022. 1 adult/0 dependants was the most likely group to call us for advice (56%).

c7.1 Average unsecured debt (March 2022)

c7.2 Case weighting (March 2022)

c7.3 Unsecured debt by type (March 2022)

c7.4 Client financial profile (March 2022)

¹ Monthly household expenditure does not include contractual unsecured debt repayments but does include priority arrears payments.

² The percentage of cases that have a negative disposable income and are unable to meet the existing essential household expenditure.

c7.5 Specified cause of financial impairment (March 2022)

c7.6 Debt servicing (March 2022)

³ Average number of months to repay the total value of unsecured liabilities in full based on the available disposable income (after monthly essential household expenditure) assuming interest and charges are stopped.

⁴ Total amount of unsecured debt as a percentage of total annual net income.

8. Helpline outcomes

This section provides an overview of helpline activity in March 2022, including the types of enquiries dealt with as well as the recommendations made by the charity's advisers.

16% of callers to the charity's helpline required a full financial assessment by a helpline adviser whilst 84% required assistance with a specific debt-related issue.

C8. Case outcome analysis

² Cases that required a full financial assessment and managed solution intervention (see 8.2)

³ Cases that did not require a full financial assessment, for example, a specific question relating to a point of law (see 8.3).

C8. Financial assessment outcomes 4

⁴ Advice recommendations made to the client following financial assessment and explanation of the available options (this may differ to the advice chosen by the client).

⁵ Informal arrangements can be managed interventions with a fairshare provider or a self managed programme via Money Advice

C8. Non-financial assessment outcomes

C8. Outcome map (per 100 cases in March 2022)

C8. Advice take-up (March 2022)

⁶ Following a full financial assessment, each client is provided with a recommended course of action along with a comprehensive breakdown of each solution they legally have access to in order that they are able to make an informed choice.

C8. Weekly call density map (March 2022) 7

⁷ The density map charts when calls to the charity's helpline were received during the month. The more calls the charity received on a given weekday and hour during the month, the higher the corresponding density value.
